Honored Friend.

Having learned from a copy
of the document, "Once a Week," that you
are an officer of the, Sons of American
Revolution. I write to ask if you can
inform me if there is a historical list
of the soldiers of the Revolution, that tells
of their parentage, and subsequent abode.
Putnam's Historical Magazine, Jan, 1896, gives in
the list of men who marched to Decatur and
Marchfield on the alarm of the 19th of April
1775, a "sergeant," Thomas Fuller. I want to
know if that Fuller, was a descendant of the
Edward Fuller, who came to America in the

She was my maternal Great Grandmother
Cousin. but whether her name too was
Minnie I do not know, nearly that she was
a Convalin French.

Mr. Fischer and I much enjoyed your visit
at the lab-school and read of your latest
movements with deep interest.

When I spoke to you about the little deaf
girl in Texas whose parents want to
educate her in the best way. I was very
much pleased that you favored my plan
which is a combined method. I wrote
Miss B. B. Brewster what you advised
about a private teacher for the child and
consulting Prof. Pletcher. - Thanking you for
your courtesy in listening to my chatter - and
hoping you will find leisure to answer my
present questions - I remain sincerely
